SPEAKING TOPICS

Is his/her life more valuable than yours?

We tend to connect success to value. If someone is more successful, then they must be more valuable. This topic is gauged to empower people to comprehend that they can have the same access and life the next person have.

Are you a waiter or a conquer?

Time to put action to your thoughts. Thoughts do not make us successful, the actions behind them does. Get empowered by the power you have within.

Are you over it?

Many times we are not able to move forward because we are stuck in the past. It is time to let go of the past hurts, failures and even your past triumphs. We cannot focus or live in the yesterday if we desire to move forward to new opportunities and blessings.
